Join our neighborhood today and start your journey right into the world of literary works with easy downloads of all your favored publications like **Projekt Nderkurrikular Mjedisi Dhe Ne Ne Projekt U!**

REVIEW OF PROJEKT NDERKURRIKULAR MJEDISI DHE NE NE PROJEKT U

- Fahrenheit 451 is a wonderful book, though slow at times. I was intrigued by the idea of a future where thinking is looked down upon and mindless activity is promoted. Guy Montag is also a hero that I could sympathize with. For an interesting read, this book is an obvious choice.

- When I first encountered this book at the age of 13, I was more accustomed to 'choose your own adventure' books or pulp science fiction. I'd never heard of Bradbury, but realized as I fought through the first few chapters that I was in over my head. I stuck it out however, and when I was done, my life had changed forever. Since then I have read this book many times, and it is always with a particular fondness because this is the book that taught me to read. To read as more than someone who desires nothing more than to be entrained. That is not to say that Bradbury isn't entertaining. I've always found him to be one of the most successfully entertaining science fiction writers of all time. FAHRENHEIT 451 is one of his best. Conceptually simple (books are outlawed and the world has become a dreary, dystopian place where cheap thrills and wars fought with disease bombs are the norm) but wise and deep in substance, Bradbury successfully weaves characters and plot into a profound statement about the essential nature of human kind and how the best of our writing can, if used (read) properly, even save us from ourselves. There are few accolades that I can give this book that have not been already said more eloquently elsewhere. This is a book filled with profound truth, a book that inspires, and a book that illustrates the best and worst of what men are capable of. Ultimately about the hope we have in the sum of human knowledge, few other books will make you treasure the act of reading and the privilege of owning books like this one will.
