REVIEW OF MAGI JAFAR X READER LEMON TANTRUY

- This is a great book that describes a world that is foreign both to nonMuslims and the vast majority of Muslims. The book describes a world where females are shut out from the world, locked in a

house, unable to live a normal life. Many of the women are starved for affection as a result of having to share their husband with other women. The story of women deprived of the things that should be normal, everyday life (monogamous marriages, jobs, schooling, shopping, charity work, interacting with men), who retreat to fantasy worlds is truly depressing reading. One reviewer described this as "Islamic culture", which it most definitely is not. The seclusion of women is a preIslamic cultural practice that has no basis in Islamic teachings. Unfortunately Mernissi leaves the impression that this is common behavior in the Muslim world. 99% of Muslim men are monogamous and many Muslim women live lives not much different from those of western

women. In the most populous Muslim nations such as Indonesia, Bangladesh, India etc. this kind of lifestyle is nonexistent. Men and women are not separated in daily life and monogamy is the norm. Men who practice polygamy for any other reason other than for the purpose of caring for orphans are violating Islamic principles, not following them. I'm also troubled to see some Muslims condemning this book. Wake up, take your heads out of the sand and realise that there are many Muslims twisting Islamic teachings to oppress women. Does it matter that Islam gave women lots of rights if some Muslim men forbid the exercising of those rights?

- Short & sweet because other reviewers have provided wonderful descriptions already: reading such a book as this is

an education in itself. *Brideshead* is a classic novel by a genuine master of English prose. Well-worth reading not once, but many times, to understand the depth of the story itself as well as appreciate Waugh's obvious mastery of language. Also highly recommended is Mortimer's adaptation of the book as a mini-series starring Laurence Olivier, John Gielgud, Anthony Andrews and Jeremy Irons. It is the definitive *Brideshead* on film, from the opening lines spoken by Jeremy Irons (as usual, his speaking voice is flawless) to the final scene of Charles in *Brideshead* chapel during WWII where Charles prays "an ancient prayer, newly learned." (There are some reviewers who've given it a low rating based on their dislike of the underlying theme of

the book. Evelyn Waugh was a convert to Catholicism and his novel revolves around the characters' wandering away but ultimately back again, to faith: for the Flyte family, it is a return to their heritage (two of the most moving scenes are Lord Marchmain's death-bed conversion and Julia's painful but utterly noble decision), and for Charles Ryder (not "Simon" as a one-star critic mistakenly called him! Have you read the book, sir?), it is a newly found conviction. Hence, Book III's title "A Twitch upon the Thread" (quoting Chesterton), the thread referring to the fine, but strong pull of the Catholic faith over these individuals. If this is the book's only 'flaw', as some assert it to be, perhaps this line from a Capra film will help: for those who believe, no

explanation is necessary; for those who do not, no explanation is possible. (Agnostic, atheist or believer, the workings of grace is a mysterious thing.)
