In *The Meaning of Soul*, Emily J. Lordi proposes a new understanding of this famously elusive concept. In the 1960s, Lordi argues, soul came to signify a cultural belief in black resilience, which was enacted through musical practices—inventive cover versions, falsetto vocals, ad-libs, and false endings. Through these soul techniques, artists such as Aretha Franklin, Donny Hathaway, Nina Simone, Marvin Gaye, Isaac Hayes, and Minnie Riperton performed virtuosic survivorship and thus helped to galvanize black communities in an era of peril and promise. Their soul legacies were later reanimated by such stars as Prince, Solange Knowles, and Flying Lotus. Breaking with prior understandings of soul as a vague masculinist political formation tethered to the Black Power movement, Lordi offers a vision of soul that foregrounds the intricacies of musical craft, the complex personal and social meanings of the music, the dynamic movement of soul across time, and the leading role played by black women in this musical-intellectual tradition.

Where am I? I am lost. Suddenly I hear the Voice, I see the Light. In the deepest throes of confusion and heartache comes the Light that reunites one with the universe. From the death of a loved one emerges a newfound acceptance and the ultimate freedom of the soul. In a swirl of injustice and hypocrisy, the soul valiantly fights back. These healing lessons and many more are the topics of *The Battle and Victory of the Soul*, South African poet Nozipho Zubane's inspiring and mystical collection that draws from her own painful experiences and spiritual growth. Anyone who is seeking words of comfort and encouragement to turn their own lives around will find much solace and support in these thought-provoking, healing meditations. Written for seekers of all ages and walks of life, this stirring collection represents an authentic and true expression of the raw emotions Nozipho confronted when she found herself at a crucial crossroads in her own life. After resolving to remove herself from the toxic corporate environment in which she existed, the poet embarked on a course to search for greater purpose and meaning. After two years with no job and an empty savings account, she was driven to live as a recluse. It was then that she underwent the deep emotional cleansing that transformed her life. Initially longing for intellectual stimulation, human contact, and material comfort, she endured many dark nights of the soul, to ultimately be saved by the grace of God. Whether gently illustrating the redemptive power of the soul or reconsidering the complexity of love, each poem furthers the book's abiding goal to help other people heal their wounds in order to reach their full potential. With its fresh perspective and all-embracing approach, *The Battle and Victory of the Soul* is certain to offer individuals a lifeline to reconnect with their souls in new and restorative ways. It's a spiritual wealth of hope and healing that may just bring new light to the darkest days.

Pulitzer Prize winner Tracy Kidder memorably records the drama, comedy, and excitement of one company's efforts to bring a new microcomputer to market. Computers have changed since 1981, when *The Soul of a New Machine* first examined the culture of the computer revolution. What has not changed is the feverish pace of the high-tech industry, the go-for-broke approach to business that has caused so many computer companies to win big (or go belly up), and the cult of pursuing mind-bending technological innovations. *The Soul of a New Machine* is an essential chapter in the history of the machine that revolutionized the world in the twentieth century.

Your "I have to." It's that thing. You know, "the thing" you day dream about and periodically pantomime when you think no one is looking. It's the thought in your mind when you wake up and the thought you can't seem to shake off before you drift to sleep. It's a beautiful mixture of passion, obsession, talent, and gift. It's that thing that lights your soul on fire. That thing you can't seem to stop chasing. It's that thing you can't say no to, even if you wanted to, even though you've tried. It's the one thing that you have been given that the world desperately needs. It's your "I have to." We all have them,. They choose us when we least expect it and often when we're the least prepared. When ancient gods ruled and Druids kept Faith alive, the Celts thrived as a democratic, matriarchal society. Then savage Roman soldiers swept across Europe, killing and enslaving. The Celts did not succumb without a fight. Their Old Ways survived centuries of ruthless domain until another menace loomed: a tortured god worshiped in cold stone buildings. The sacred shores of Avalon began to drift away, the mists threatened to hide the island from mortal eyes forever. Against the bleak backdrop of war, the gorgeous Scottish Highlands stood tall, sheltering its inhabitants from greedy invaders. Yet the reach of the eagle banners was long and the highlanders turned to the Goddess for protection. However, the sacred groves felt silent and grim as Avalon faded away. Once sad, pealing bells began to sound strangely comforting while the high walls of monasteries offered an alluring barrier from violence. Caught in the middle of this centuries-old war, a young High Priestess might be Avalon's last chance. Wise beyond her years and powerful like no other Priestess in her lifetime, Rowen had served the Goddess faithfully, forsaking her family and the company of her soulmate. When the Lady of the Lake asks for another sacrifice, it might be one too many for her scarred heart. How could she obey the Goddess without betraying Caddaric? Could she trust Eochaid, who embodied everything she despised and hated? Would she be able to fulfill her duties without losing her soul? Caddaric had been Rowen's companion in countless lives; but, now, they existed in different realms. Beautiful Rowen lived in the mortal world while sweet Caddaric remained in the sacred isle of Avalon, watching over her. Could he step aside to allow another man - a flesh and blood man - to become her protector? Eochaid had sworn to protect the Old Ways. The rude warrior never quite understood his faith yet his loyal heart belonged to the Goddess. A gorgeous, fiery High Priestess was not in his plans. He would risk his life to protect Rowen; but, would the Goddess safeguard his heart? Could he defend the bewitching maiden from himself? When stakes were so high that a simple mistake could cost their very world, a priestess, a Druid, and a warrior must learn to trust one another and the mysterious ways of the Goddess. Their success would save Avalon. Their failure would tear the island from the human realm forever, condemning it to oblivion. Failure was not an option. This is a standalone, historical/paranormal romance. Its mature themes - sexual violence, religion, and pagan rituals - might not be appropriate for audiences under 18.

REVIEW OF SOUL ON FIRE THE LIFE AND MUSIC OF PETER STEELE JEFF

WAGNER

- Spiriting Around: A Modern Guide To Finding Yourself by Martin "Mark" Tomback has as its focus an intriguing philosophical and spiritual conception of dealing with the modern world. Engaging readers with a highly informed and extensively studied documentation of his conclusive vision and understanding, Tomback offers Spiriting Around as an interpretive compendium of societal misleads and individual acceptance. Thoroughly "reader friendly" with its well crafted text, Spiriting Around is

very highly recommended to all readers struggling with their own self-identity issues, particularly with respect to an expansive and expanded analytical understanding of the world's most often difficult objectives, controls, and constructs -- and what influence they might have on the individual.

- Full of striking observations but ultimately too disorganized and inconclusive to do justice to the question of the place of humanistic knowledge in a culture of knowledge that is "cool," technical, and purposive.
