REVIEW OF MORALITY ETHICS AND GIFTED MINDS

- Some of my favorite novels of all times are fantasy novels I love the rich imagination that comes with them. Amongst these wonderful fantasy tales is the novel The Hobbit by J.R.R. Tolkien. Unlike several of Tolkienfs

other books The Hobbit is much easier to get through. It is the kind of book I would recommend to any age and every generation. I would also recommend this book because it is an opener to The Lord of the Rings. The movie to that particular novel has inspired many people to read the book and The Hobbit is a story related to that. I would recommend this book if you plan on

read The Lord of the Rings or if you already have. I myself enjoyed The Hobbit and by writing this review I hope to get others to read it as well.

- Gorgeous book. Was in very good condition. Not damaged at all. Some delightful illustrations within the pages. Very happy with purchase. Font easy to read. Fine quality paper.
