THE RAND AT WAR 1899 1902 THE WITWATERSRAND AND THE ANGLO BOER WAR RECAP: UNLOCK YOUR FOLLOWING LITERARY ADVENTURE WITH OUR CONCISE REVIEWS

The Rand at War, 1899-1902 Univ of California Press

The Rand at War, 1899-1902 Univ of California Press

Letters from Kimberly The Rand at War, 1899-1902

A chance encounter with Silver's career in South Africa set Charles van Onselen on a twenty five-year obsession: a journey to reconstruct the shadowy life and times of-in some ways to match wits with-a devious master criminal. From Russian Poland in the 1860s, where Silver was born Joseph Lis, to London in the 1880s, turn-of-the-century New York, Argentina, and Africa, van Onselen recaptures the dangerous demimonde of the Atlantic world. Silver's notoriety was found among the most confidential correspondence of a dozen countries; what those in law enforcement kept to themselves, however, was how their officers had attempted to use Silver as an informer to infiltrate syndicates built on vice, only to have him outwit them as he moved in the risky space between police and prostitutes. Such is the meticulousness of van Onselen's research that *The Fox and the Flies* is as rich in history as it is in the detail and drama of Silver's career, as layer after layer of his life and times are revealed. And it has an extraordinary pay-off, for van Onselen contends that Joseph Silver's darkest secret of all lay in London in the autumn of 1888 when, before he embarked on his legendary life of crime, he was, indeed, Jack the Ripper.

[The Rand at War](#) University of Chicago Press

This exciting new book marks a major shift in the study of the South African War. It turns attention from the war's much debated causes onto its more neglected consequences. An international team of scholars explores the myriad legacies of the war - for South Africa, for Britain, for the Empire and beyond. The extensive introduction sets the contributions in context, and the elegant afterword offers thought-provoking reflections on their cumulative significance.

Boer War Generals Univ of California Press

Full of new material, fresh insights and perceptive analysis.' Ian Knight??The defence of Kimberley □ and the mission to relieve it □ was one of the great dramatic sagas of the South African War. The actual relief, following a spectacular cavalry charge, represented the first decisive upturn in the fortunes of the British war effort, soon followed by a crushing defeat of the Boers at the battle of Paardeberg. Within Kimberley citizens suffered from dwindling food stocks and enemy shelling, but

even more controversial were the tensions that erupted between the siege commander, Lieutenant-Colonel Kekewich, and Kimberley's leading citizen, Cecil Rhodes. ??In this illuminating new history, Edward Spiers, presents a selection of first-hand accounts of this epic siege. The 260 letters were published originally in British metropolitan and provincial newspapers and they provide crucial insights into the perceptions of civilians caught up in the siege; the desperate and bloody attempts to relieve the town; and the experiences of junior officers and other ranks as they struggled to cope with the demands of modern warfare. Full of human incident, drama and pathos, these fascinating eyewitness testimonies make for compelling reading and add richly to our understanding of the events in Cape Colony.

The Boer War Routledge

The South African War of 1899-1902 (it used to be known as the Anglo-Boer War) was not one of Britain's so-called imperial 'small wars'. It was the biggest, costliest and most humiliating war fought by Britain between 1815 and 1914, and the greatest of the wars which accompanied the Scramble for Africa. It was as important in the history of South Africa as the American Civil War in the history of the United States. Its origins have been the subject of debate and controversy from the very outset. In this welcome contribution to a distinguished series - based on extensive research in British and South African archives - Iain R. Smith has produced a masterly reappraisal of the subject. The book will surely establish itself as the definitive study for scholars and students; but it is also a vivid account of a dramatic and complex story, which will appeal to a far wider readership than specialists alone. Tracing the roots of the conflict into the first half of the nineteenth century, Dr. Smith shows how the conflict between Britain and the Transvaal republic intensified after the discovery of gold on the Witwatersrand in 1886. The resulting wealth and the influx of foreign, mainly British, Uitlanders transformed what had been a poor land-locked Boer republic into the hub round which the future of South Africa was to turn. The repercussions of this transformation - both within South Africa and on Britain's position there - provide the framework within which the book traces the road to war.

Policing Bodies Univ of California Press

Although much has been written about the conduct of the war in South Africa, very little has been written about how it was regarded on the world stage by powers both great and small. This collection of specially commissioned essays seeks for the first time to put the Boer War (1899-1902) in its international context. Each of the core chapters focuses on the perspective of one country (France, Germany, Austria-Hungary, Italy, The Netherlands, Portugal, Russia, and the United States) and assesses the extent to which each national government tried to capitalize on Britain's embarrassment and distraction while often entangled in imperialist ventures of their own. The anglophobia of many of the nations' press, the activities of pro-Boer organizations, and the shaping of public and parliamentary opinion are examined alongside the real politics and diplomatic

considerations that took precedence. In addition, there are summation chapters that examine both the origins of the war and its legacy for Britain's expansionist ambitions. Together these essays present the latest findings on a watershed in international relations that heralded substantive changes of attitude and policy on the part of national governments towards their dependencies and had far-reaching consequences for alliance systems and the international balance of power at the start of the twentieth century.

At blog.amf.com, we are devoted to assisting you find your next wonderful checked out by giving succinct and informative The Rand At War 1899 1902 The Witwatersrand And The Anglo Boer War publication recaps in numerous categories. Edward Spiers, a leading authority on the Victorian British army, presents here a select edition of letters from the siege of Ladysmith (1899/1900) that have not been seen since their original publication in metropolitan and provincial newspapers. The 250 letters were published in different British newspapers and provide crucial insights into contemporary perceptions of the battles that preceded the siege, the onset of the siege itself, and the desperate and bloody attempts to relieve

the town. Subsequent efforts to defend Ladysmith and to march to its relief became the great dramatic saga of the early phase of the AngloBoer War, providing the context for a series of dramatic battles that embarrassed the Empire and destroyed established reputations. Much has been written about the failings of the British commanders but it is clear that in no other theatre in the war were the practical difficulties so real or the stakes so high. These letters reflect vividly the feelings of junior officers and other ranks as they struggled to cope with the demands of modern warfare. These eyewitness testimonies provide first-hand commentary upon the events in Natal that shattered the pre-war confidence in Britain.

When Alfred Milner was knighted, he took as his motto *Communis Patria*, 'patriotism for our common country'. This is the study of Milner, which takes his politics, or 'constructive' imperialism as its primary theme. It also discovers a group of young female supporters of his vision.

[Term Paper Resource Guide to Nineteenth-Century World History](#) Stanford University Press

From the bestselling author of *Destiny of the Republic*, this thrilling biographical account of the life and legacy of Winston Churchill is a "nail-biter and top-notch character study rolled into one" (*The New York Times*). At the age of twenty-four, Winston Churchill was utterly convinced it was his destiny to become prime minister of England. He arrived in South Africa in 1899, valet and crates of vintage wine in tow, to cover the brutal colonial war the British were fighting with Boer rebels and jumpstart his political career. But just two weeks later, Churchill was taken prisoner. Remarkably, he pulled off a daring escape—traversing hundreds of miles of enemy territory, alone, with nothing but a crumpled wad of cash, four slabs of chocolate, and his wits to guide him. Bestselling author Candice Millard spins an epic story of bravery, savagery, and chance encounters with a cast of historical characters—including Rudyard Kipling, Lord Kitchener, and Mohandas Gandhi—with whom Churchill would later share the world stage. But Hero of the Empire is more than an extraordinary adventure story, for the lessons Churchill took from the Boer War would profoundly affect twentieth century history.

Personalities are the driving force of the story, and we take a closer look at their individualities, motivations, and connections. BEGIN DISCOVERING THE RAND AT WAR 1899 1902 THE WITWATERSRAND AND THE ANGLO BOER WAR TODAY

Replenishing the Earth Bloomsbury Publishing

Provides a guide to the historiography of a war that is still debated in Great Britain and has significant nationalist overtones in South Africa.

The South African War reappraised Routledge

This study provides students, historians, other academics and scholars, as well as other researchers and anyone interested in the history of the Anglo-Boer War, with as comprehensive a list as possible of all postgraduate studies completed on any conceivable aspect of the war, as well as any other postgraduate studies which refer, to some extent, to the conflict.

Managing the South African War, 1899-1902 Edinburgh University Press

An understanding of military occupation as a distinct phenomenon first emerged in the 18th century. This book shows how this understanding developed and the problems that the occupiers, the occupied, commentators and the courts encountered. It covers all major occupations including: France, Sicily, Greece, Belgium, Syria, Mexico, Bosnia-Herzegovina, Cyprus, Egypt, Korea, Peking, the Boer Republics; Latin America; and those related to the Napoleonic Wars, the Mexican-American War, the American Civil War, the Franco-Prussian War, the Russo-Turkish War, and the Spanish-American War

The Anglo-Boer War 1899-1902: 963 Days Springer

Since the start of the Anglo-Boer War today 120 years ago thousands of publications, written or typed reports and other creations have been produced to narrate the war events, express opinions on its origins, causes, course, results and legacy and on participants in the struggle. This process is ongoing, since the debate amongst both professional historians and interested amateurs on exactly what happened and why is still raging and new information on the war still crops up. The history of the Anglo-Boer War is truly a neverending discourse. As the author of a number of books on the war, I have consulted hundreds of both published and unpublished sources. Some were of limited value, but a small percentage of the published books were of such high value that they formed part of a small stack of books that found a permanent home on my desktop while I was in the writing process. Pieter Cloete's *The Anglo-Boer War - A Chronology*, both the original English version and the enlarged Afrikaans version published in 2010, was always part of that stack. It is to me a privilege to write a foreword for the user-friendly and meticulously researched book. It not only contains a wealth of information but a detailed source list and an extensive index. There are few, if any, more helpful reference books on the war and thus represents an essential resource to anyone with a more than superficial interest in the Anglo-Boer War. DR JACKIE GROBLER Historian and author Recently retired after 40 years at the Department of Historical and Heritage Studies, The University of Pretoria.

A Century of Postgraduate Anglo Boer War (1888-1902) Studies Pen and Sword

Engines for Empire examines the use of the railway by the British army from the 1830s to 1914, a period of domestic political strife and unprecedented imperial expansion. The book uses a wide array of sources and images to demonstrate how the Victorian army embraced this new technology, how it monitored foreign wars, and how it came to use the railway in both support and operational roles. The British army's innovation is also revealed, through its design and use of armoured trains, the restructuring of hospital trains, and in its capacity to build and repair railway track, bridges, and signals under field conditions. This volume provides insights on the role of railways in imperial development, as a focus of social interaction between adversaries, and as a means of projecting imperial power. It will make fascinating reading for students, academics and enthusiasts in military and imperial history, Victorian studies, railway history and colonial warfare.

Mendelssohn's South African Bibliography Manchester University Press

"Brian Linn provides a treatment of military operations in the Philippines. From the pitched battles of the early war to the final campaigns against guerrillas, Linn traces the entire course of the conflict. More than an overview of Filipino resistance and American pacification, this is a detailed study of the fighting in the "boondocks."" "In addition to presenting a military history of the war, Linn challenges previous interpretations. Rather than being a clash of armies of societies, the war was a series of regional struggles that differed greatly from island to island. By shifting away from the narrow focus on one or two provinces to encompass the entire archipelago, Linn offers a more thorough understanding of the entire war."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. REVIEW OF THE RAND AT WAR 1899 1902 THE WITWATERSRAND AND THE ANGLO BOER WAR

- I have a great deal of respect for Mr. Niederhoffer and his idea, but the Sept. 29, 1998 "Chicago Tribune" states: "Victor Niederhoffer lost everything last year in a highly leveraged bet, ruining a successful track record that he had just immortalized in a popular autobiography, "the Education of a Speculator". It made me realize that, having just a fraction of Mr. Niederhoffer's knowledge, I have little chance of being a successful speculator, given these unfortunate turns of events. Nonetheless, reading his anecdotes has given me certain insights.
- This is a very cute book with many beautiful pictures of many different birds. It has a lot of information. It has a couple of pages on chickens on which it looks within the egg in four different stages of embryo development.
