The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers

the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the

classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own.

REVIEW OF OXFORD

ADVANCED LEARNERS DICTIONARY 9TH EDITION

- Since I haven't finished the book yet I can't give a full report but so far I am finding it very interesting. I love reading about the Amish faith and have Amish friends.
- I was very surprised when I stumbled upon this series at the book store over the summer. I picked it up quickly as I am quite a fan of Peter David. Needless to say I was very happy with my purchase. Not only was the book fast paced, but it was surprisingly amusing. There a great moments in the book just after an exciting fight seen where you will find your self laughing out loud. There are few books where I find myself doing so. The rest of the series has been

equally entertaining. The only
shotcomming is the length of the books.
If they weren't so great I don't think I

would try and convince anyone to pick up
such a small book for what is becoming
an increasingly unreasonable price for
books.
