REVIEW OF DID YOU GET IT LEVEL 1 PP 86 87 PP 94 96 PBWORKS

- WOW! This is one of my favorite books. The story is well written and fairly easy to follow. The archaic english was a bit confusing at first but with kindle's built in dictionary it was actually rather fun. A book i will read over and over. i Certainly recommend reading.

- This book has more substance to it than some of the readers have recognized. If midwives and stories about medicine in the

early to mid 1900's interest you, try this story. Or, if exploring mother-daughter relationships that are positive and make you feel good, try this story. If you love learning how people who love each other interact and take care of each other, read this. If you have ever longed for someone that could have the insight to tell you what is best for you and have a riotous sense of humor, read this. If you enjoy a read that takes

a difficult time (WWII) and weaves it through the lives of some incredible women, try this story. You can make it very complex, if you must, or simply take the story as it is, and as it was meant to be. You will find yourself thinking back to these characters often, and wishing for that charming life that made living with each other easy. When you have that, you just may have what it takes for an "easy" life. This book can help in the meantime.
