REVIEW OF VEGAN COOKBOOK FOR BEGINNERS THE ESSENTIAL VEGAN COOKBOOK TO GET STARTED

- After reading this book I was struck by the way the author creates an image of the life of an adolescent. The book reveals the life of a teenage boy named Josh whose dad is in the Navy during WWII. He and his mother go to live at the family's summer home in Sagrado, New Mexico. Josh is faced with going to a new school and not knowing anyone in town. Josh makes many friends and faces many problems through out the book. The book is full of humor. The book is forceful and every few pages an event happened that made me want to read on. This is the sort of book you can enjoy and be interested in all the way through.
