REVIEW OF MITSUBISHI TRITON PDF SERVICE

REPAIR WORKSHOP MANUAL

- There are lots of good arguments against the widespread use of non-family childcare where there is not enough individual attention provided for young children to develop properly. This is not one of them. This is a pop-psychology mish-mash with a very weird political agenda behind it. I wasted several days reading hoping that something would give it merit. In the end it was just time wasted. And this is coming from someone who agrees with the basic concepts! Yeah, it's that bad.

- Another great Reacher book from Lee Child. I was just told about the Reacher series earlier this year and have been hooked ever since. Love the underlying theme that cops and the FEDS are either corrupt, inept or hamstrung by politically motivated bosses and that the military runs circles around them. If we had real citizens like Jack Reacher our country would be a better place!
