## REVIEW OF ONLINE BANKING USER GUIDE

- The novel itself is excellent, a modern classic. But what I always want in a book review is a description of the binding, so here it is. The Classics of Modern Literature Series has done an excellent job in printing handsome modern classics, including 'The Godfather' and 'The Once and Future King'. This book has no dust jacket, the colors and lettering are printed on to the cover. I find this preferable, because dust jackets are a bit of a hassle. There is no lengthy introduction, and the last page of the book that has writing on it is the last page of the novel itself. So this book is very straightforward. It does have a bar code printed on the bottom of the back cover, which may not bother some, but I don't like it. Other than that though, I don't see how they could have done a much better publishing job. This is a great edition of a great novel.
- Lord of the Flies is a worthwhile book that could have used an editor with just a little more aggressiveness. The first hundred ninety-nine pages are excellent. Golding has wonderful insight into the human condition, and he applies it with rare grace and tact. And then we get to the final page, which would be best ripped out. It's impossible to go into detail without spoilers, so suffice to say this novel's ending is the single largest letdown in all of literature. Disappointing enough to knock a full star and a half off the rating. \*\*\*
