Problemas y política economicos de mexico Siglo XXI

México es un país con mucha riqueza, pero la eficiencia social y económica está relativamente baja. Simón Bolívar tuvo razón en decir que sin educación el país no va a crecer o, peor, contribuye a su propia destrucción. Capital físico o natural ya no juega ningún papel tan importante como hace 50 años. Por la alta tasa de servicios en países desarrollados, el capital humano tiene, por la mano de obra muy intensiva e intelectualizada, una gran importancia. Sin embargo, casi 70% de la producción nacional está generados en el tercer sector. Dentro de las últimas tres décadas, la porción del sector de servicios en el Producto Interno Bruto, tanto de Gran Bretaña como en México, eran casi iguales. No obstante, en términos absolutos el Ingreso Nacional por cápita y por año de México es 6,100 US\$ mientras que Gran Bretaña llega a un importe de casi 23,000 US\$. Por qué hay esta diferencia de casi 16,000 US\$? Los nichos subsecuentes los cuales crecieron son los servicios financieros y de la comunicación, con 3.44% y 5.49% respectivamente. Estos dos son los que aumentaron más rápido que el sector industrial con una tasa de 3.18% dentro de la última década. Aquí funciona la tasa más alta de gente calificado, pero todavía es muy poco. Uno de los problemas claves es la ausencia de educación suficiente para cumplir la demanda a capital humano calificado. La educación es un servicio a sí mismo. Si este servicio falla, los demás, no pueden crecer. Para avanzar, este crecimiento es endógeno, es decir, por la propia fuerza la economía se mejora a largo plazo. Tanto en términos de la calidad como de la cantidad hay una importancia no ignorable para tener un buen servicio educativo. No obstante, hoy en día, en la primera década del siglo XXI, existe la oportunidad de cambiar y mejorar la situación de la sociedad en México. La primera vez en la historia la cantidad de los alumnos está disminuyendo lo que da la posibilidad de mejorar tanto la cobertura como la calidad de la enseñanza con

Land Reform in Mexico: 1910–1980 presents the workings of the Mexican government by analyzing actual policies, their implementation, and their outcomes in a significant and central sector of the Mexican economy, agriculture. This book discusses the pattern of Mexican redistribution policy in agriculture over an extensive period of time, with emphasis on the causes and effects of these policy shifts. Organized into eight chapters, this book begins with an overview of the agricultural policy and modernization strategy of Mexico. This text then relates regional variations in the rural social structure of the late 19th century to the history of Mexico's unique agricultural policy. Other chapters consider the policy shifts reflected in agrarian legislation by presidential period. This book discusses as well the politics of land reform and its linkages to local, state, and national administrations. The final chapter deals with the status of agricultural policy in Mexico during the 1980s. This book is a valuable resource for scholar and students with interest in Mexican politics.

El Tercer Sector en México University of Pennsylvania Press

Esta investigación tiene dos propósitos intercalados. El primero de ellos es ofrecer una nueva versión de la historia de la filosofía mexicana durante la Revolución, en particular, del pensamiento de Antonio Caso y de José Vasconcelos. El segundo propósito es entender el efecto que tuvo la revolución sobre la filosofía del periodo y el que ésta tuvo sobre aquélla.

México: de la deuda externa a la deuda eterna UADY

Actualmente existen innumerables textos de economía que se utilizan en las aulas universitarias. En la mayoría de los casos se trata de autores clásicos como Samuelson, Mankiw, Dornbush, etc. Sin embargo, en los cursos de pregrado es necesario contextualizar los conceptos para que el estudiante tenga una referencia de los mismo más cercana. Y es que las economías emergentes presentan problemas muy diferentes en comparación a las industrializadas; por ejemplo en lo que toca al mercado laboral, la productividad y las formas de creación de riqueza. En este caso, el presente libro ofrece la oportunidad no solo de aludir a problemas económicos de México, sino de vincularlos con una parte importante de la historia del pensamiento económico, así como con los actuales problemas de la globalización. Con ello se pretende apoyar una enseñanza de la economía más focalizada y holística."

"Qu, impacto tiene el Capital Humano en el Sector de Servicios? University of Arizona Press

Establece los fundamentos de una teoría general de las economías campesinas aprehendiendo la estructura interna, la dinámica y el amplio marco de relaciones económicas, sociales y políticas de las unidades de producción de los campesinos del mundo. Responde a una necesidad de la economía política, la antropología, la historia y la sociología, cuyo progreso en el conocimiento sistemático de los campesinos reclamaba la integración de dicha teoría. Abarca desde la invención de la agricultura hasta nuestros días.

REVIEW OF PROBLEMAS ECONOMICOS DE MEXICO JOSE SILVESTRE MENDEZ

- Vasari's biography proves what an interesting and diverse man he was. I expected Lives of the Artists to be somewhat dry and boring when I was required to read this for my Italian Renaissance class. Given the time in which this was written, I was thoroughly surprised. It was humorous at tale and really did a great job at telling a story. Vasari, for his work, is one of the first art historians in history!

- Caribbean is possibly one of Michener's best. He incorporates many interesting and fascinating facts, and is a master of description. Some parts are incomprehensible but mostly it is a fine example of literary wizardry.
