Thank you for selecting our platform for your PDF downloads. We anticipate offering you with exceptional solution and varied options for several years to find.

## REVIEW OF DELL VOSTRO 1520 USER GUIDE

- A Christmas Carol, by Charles DickensTruth is a scourge. And like a scourge, it can leave one broken and bloody, stripped of all his or her defenses. No one knows this better than Mr. Scrooge, but I won't insult my readers by offering a summary of this well-known Christmas story (though I will chime in with my opinion that the old Disney version with Mickey Mouse and Scrooge McDuck is the best!).I know of no one who dislikes this story. That being said, the book is waaay better; by leaps and bounds! All of the movies tell the core of the story, but they leave out all of the nuance--if a picture is worth a thousand words and they have an hour and a half to tell this story (which was only 124 pages of somewhat large text), they should be adding nuance, not removing it!The only problem with it is that it's a book meant to appeal to everyone, including children. Therein lies the difficulty: it's somewhat like asking Beethoven to compose a jingle for an advertisement; sure, he could do it, and it would be good, but he could do so much better! And I know this is true, both because there are monstrous hints within the story (primarily when the narrator speaks), and because I've read some of his other works. But even if this is the worst that Dickens has to offer, then I would still rather read it than almost any other book written in the past 100 years.Memorable Quote:What would I not have given to be one of them! Though I never could have been so rude, no, no! I wouldn't for the wealth of all the world have crushed that braided hair, and torn it down; and for the precious little shoe, I wouldn't have plucked it off, God bless my soul! to save my life. As to measuring her waist in sport, as they did, bold young brood, I couldn't have done it; I should have expected my arm to have grown round it for a punishment, and never come straight again. And yet I should have dearly liked, I own, to have touched her lips, to have questioned her, that she might have opened them, to have looked upon the lashes of her downcast eyes, and never raised a blush, to have let loose waves of hair, an inch of which would be a keepsake beyond price; in short, I should have liked, I do confess, to have had the lightest license of a child, and yet to have been man enough to know its value.For more reviews like this, visit my profile.

- Truly enjoyed this book! This is a classic Christmas story that never gets old. A must read every year at Christmas-time.
