We very advise this publication to visitors that are looking for a provocative and psychologically impactful read.

REVIEW OF EMINENT OUTLAWS THE GAY WRITERS WHO CHANGED AMERICA CHRISTOPHER BRAM

- Wow, was this book bad. I've read just about every Grisham novel, and while some have been good and some a little weak, this one was clearly the worst. For one thing, you could have easily cut out 80% of the pages to tell the "thriller" part of the story. I understand that isn't the whole thing the book is supposed to be about, but you literally at times wonder if that story is ever going to get told. There are SO many instances where Grisham wanders off on a tangent for NO REASON relevant to the story. Why do we have to hear all about Grisham's enlightened views on the Vietnam war through the eyes of a main character back in the 70's. It has NO bearing on any aspect of the story. Its just odd, unrelated filler. Same goes for an investigation and cataloging of all the southern churches and their basic tenets. Its always good to learn something in a fiction novel, but that "something" should be in the course of telling the story, not oddly jammed in with no relevance except to fill pages. And, its not as if waiting around for the ending was worth it either. It is dull and disappointing. Which is a pretty good summary of the whole book. If you are looking for a more entertaining page-turner this summer, try something from Brad Meltzer, like *The Zero Game* or *The Millionaires*.

- If you like the Grisham novels where it's non-stop action and suspense all the way through the novel, this book is NOT for you. It is not even close to his other jury titled book "*The Runaway Jury*." This books is very slow and the real mystery only begins in the last 50 pages. Up to that point, it is very slow and actually boring. Quite a drop-off from Grisham's usually high standards in my opinion
