REVIEW OF INTRODUCTION TO LOGIC PAUL HERRICK AGUROY

- Read review by "Williams", which explains it quite well. Raber may be a good exotic pet owner, but he is definitely not an

expert on the animal he owns.

- I don't like to read, I will tell you that. I am more into video games and such, but when I say this book in the hands of my friend, something made me ask to borrow it. I read a bit, and imedeiatly I started to love it. I laid in my bed with my cat for a few hours tonight and read the whole book. I just couldn't stop reading!!!
