The need for current and better quality training materials was cited by both certification program instructors and coordinators. In recognition of these shortcomings, the U. S. Department of Agriculture (USDA) funded a major project with Penn State University, The Ohio State University, and the National Safety Council to develop a National Safe Tractor and Machinery Operation Program (NSTMOP). The result is the NSTMOP Student Manual. This manual, including the task sheets, is the primary curriculum resource developed and designed to be used in a variety of instructional settings. The task sheets are divided into 6 sections: introduction; safety basics; agricultural hazards; the tractor; connecting and using implements with the tractor; and material handling (skid steers, ATV, and utility vehicles). There are a total of 77 task sheets, 48 are identified as core topics. Also included are a skills and driving test layout map and evaluation

REVIEW OF TRACTOR MANUAL

- "Sorcerer's Stone - A Beginner's Guide to Alchemy" by Dennis William Hauck is a really nice book. It has something for everyone who is interested in alchemy and ties it all together. There is history, philosophy, theory, practical laboratory work for the novice, and psychological and inner exercises as well. Well written, illustrated, indexed, and with a very handy and detailed glossary, I recommend Hauck's "Sorcerer's Stone" to anyone interested in alchemy. You will be glad you read it, and re-read it again. On a personal level I have shared several lengthy emails with the author, and have spoken to several of his students (via

the Flamel College with which he is affiliated), and everyone had kind and generous words to say about him. This alone says volumes.

- If You love horror, then I strongly recommend getting the Scary Stories To tell In The Dark Series. These books have some of the greatest horror stories and pictures ever written. They are perfect for reading on a dark Lonely night, Camp outs, Halloween gatherings, Slumber parties, College gatherings, Even reading underneath a blanket with a flashlight. Have some fun with your friends and made a video of yourself narrating some of your favorite Scary Stories and then post the video onto youtube to share with the world. You can even write out the stories onto emails and print them out along with the pictures after scanning the books and then print them out on paper, and handing them out to friends at School, parties, or even to trick Or Treaters for HALLOWEEN. You can even save your favorite images from these books onto your computer and send them to Custom [...] web

site, To get them printed onto black T shirts that say SCARY STORIES TO TELL IN THE DARK in dripping blood red text to help promote these great books and get them noticed by those who never heard about them. You can even share the images to your local tattoo parlor and ask if they would post them onto their tattoo walls as suggestions to customers. If you really loved these books and they meant something to you in your childhood, why not have a few of the images tattooed onto your body? Just take these books to your tattoo artist and ask them if they would. SCARY STORIES TO TELL IN THE DARK BOOKS ARE THE BEST. I only hope that a horror movie producer will make some horror movies about these books with some of the stories in it. something kinda like the urban legends movies or one missed call. The Movie A girl goes to a dance club and shows off her little brothers Scary Stories to tell in the dark books to friends. Only each one of her friends die in the Styles of each story after reading them online or from watching the video from youtube on their cell phones.
