REVIEW OF PESTICIDE APPLICATOR LICENSE PRACTICE TEST

- I found this book an excellent time-saver if you already know the subjects. I spent about 12 hours scanning through the book and 2 extra hours to study a few subjects more deeply in MSDN, and I did great on both exams. However, if you are still learning the subjects, this book does not nearly go deep enough; you should use Bruce

Prendergast's book instead.

- This book refers to many angels. The angels are also in the bible so one can reference each name as they read Billy's book. His spirituality really shines in this book. It is a fast read, but you will read it

several times. When? After an angel visits you, or perhaps takes care of you and you know it. I purchased this book for a friend whose husband of 40 years just passed away. It was a great comfort to her. Of course, I wound up reading it myself.
