REVIEW OF HOLT GEOMETRY CHAPTER 12 QUIZ

- Atty. Mr. Utterson is worried, as the keeper of Dr Henry Jekyll's will. The will gives everything to Edward Hyde incase of Henry's death or disappearance. Mr. Utterson met the hideous Hyde once and does not trust him. Well it looks like Henry's will will have to be executed as the housekeeper; Mr. Pool thinks Hyde hid Henry's body. Once again, I saw Spencer Tracy before I read the book, so I was anticipating a different type of story. I read "Treasure Island" so I am familiar with Stevenson's writing style but I did not realize that this story was more of a mystery that draws the conclusion and revelation in the end. The explanation of man and his duel personality is excellent and I suspect he draws on personal experience. I read the kindle version. It was sparse and strait forward; there was not a lot of fluff and speculation from other personalities. I made sure that the text-to speech was activated before purchasing. This helped but I had to keep reminding myself that the names were mispronounced. In any event without the kindle I probably would have bought the book but not gotten around to reading it for a few years. Dr. Jekyll & Mr. Hyde Double Feature (1932/1941)

- I had my 11th grade students do two exercises at a time, twice a week as our daily starter activity, about 5 minutes/day. At the end of the semester, students scored 5-10 points higher on a practice language arts SAT packet (about 30 questions) than did the students the previous semester who had not done the Daily Spark activities. Usually I did not even need to discuss why the answers were correct. I'm impressed. The questions were about all that stuff that we teach, that the students think they will never need: vocabulary, commas and semicolons, passive voice, inferencing, etc. Students do need to be warned that the real college entrance exams have longer reading sections than the short paragraphs in these activities.
