### **REVIEW OF 2009 MITSUBISHI MONTERO SPORT**

- Any one over the age of 16 who has not read or had this book read to them should be shot. I read this book when I was 11 and still have not found a fantasy story to beat it. The Lord of the Rings Trilogy, ( the other three books that go with this one) are just as good. Don't pick up another book untill you've checked this book out. Watch the movie of it too. It needs alot to compare with the book, but the animated hobbits are pretty cute.

- The Hobbit is a wonderful book. Although it may be slow between action-packed spots, it is beatifully written. The Hobbit is about Bilbo Baggins, a hobbit (you are probably wondering what a hobbit is. A hobbit is a little person about half our size, and no beard. They grow leathery thick soles on the bottom of there feet, and grow curly hair on top. Being fat in the stomach, they dress in bright colors, have deep laughs, and enjoy meals very much)who wanted nothing more than to sit at home and enjoy his pipe. When, Gandalf comes by and chooses him for a dangerous adventure. 13 dwarves come by his house for tea, and the next thing poor Bilbo knows, he is being swept out of his comfotable hobbit-hole! He encounters Goblins, Trolls, Giant Spiders, a dangerous dragon, and too much more for a hobbit to handle!
