REVIEW OF CAA FLIGHT INSTRUCTORS GUIDE

- Ok if people say it is innappropriate for children, they are overprotective mothers with no life. People don't understand it, your stupid. Or I'm just smart. This book isn't about killing or suicide, that just comes along with ignorance. Every single person in Jonas' community is completely ignorant and has no Idea that they are a subject of being controlled. They don't understand death, so they kill when the time is needed. This book makes you feel good that you live in a better world, people read this book and hate what they do or what the book says, the book sends a message and it is about that message not suicide.

- The Giver is a science fiction novel based on the future community a boy named Jonas lives in. This is a community which has gone through sameness, meaning everything is the same. There is no color, no snow, no rain, or even sleet. The weather is always the same. However there is one thing what all the people in the community don't know what really it is..... RELEASE! They all think that it is a person who is sent to another community. However it really is when you get killed.The story really begins when Jonas is picked to be the new reciever of memory at the ceremony of the twelves. The ceremony is kind of like your birthday. You're in a group with all the fifty kids born in the same year. Each December you are promoted to a new age. when you turn twelve your future is decided by the comitee of elders.Later Jonas meets The Giver and The Giver gives him memories of all different things. Then he learns of all colors and starts to see them. After he sees what release really is he decides to escape to go elsewhere. Interested, buy the book to find out what happens next.
