### **REVIEW OF COLOUR ATLAS OF ANATOMICAL PATHOLOGY 2E**

- I bought this book wanting to learn how to make a journal. This book did not show the basics. It was a waste of money, the author seemed more interested in presenting cute ideas and making pretty pictures than teaching basics.
- The Dumb Witness of the title is a dog named Bob. A dog who loves his mistress and possibly is the only witness to her murder. If it was a murder ... Hastings and Poirot work together, trade quips and get on one another's nerves as they work through a neat collection of suspects. This isn't high art, but it is quaint and well crafted. I recommend it.
