- Oh how I wanted to hate this. It's racist, sexist, rude and absurd. But man oh man could Chandler write. He dragged me down into the seedier side of 1940 Los Angeles, and I couldn't get out until he let me go at the end of the book. The plot? Not so much to it in the end, really. Just a basic hunt for a killer who hunted for the girl he once loved. The twists and turns along the way just provided excuses for more wallowing in the seamy side of life--decadent rich, smelly poor, liars, cheats, and killers. If you asked me, I'd say it wasn't my cup of tea. But the man could describe everything from people to houses to a crawling pink bug in a way that kept me mesmerized. Read this if you want to know what hard-boiled is supposed to sound like.
