#### REVIEW OF CAMPBELL BIOLOGY CONCEPTS AND CONNECTIONS 7TH EDITION QUIZZES

- I thought this was an amazing book. I finished it in one reading. It grabs you from the moment you pick it up, and doesn't let you go until the very last page. The main character has a strength in her that we all strive for. This is a very well written, very human look at a very tragic situation.
- Just received this Bible in the mail today and gotta say I am very pleased. It looks great, the cover is soft and slick and I really like it a lot. I was used to the double column which I have for every Bible I own, but I like how easy it was to read the single column style. I am also a big fan of the ESV and have been looking

to buying one for some time. It is definitely a great buy and I thoroughly recommend it!
