REVIEW OF UKULELE SONG BOOK 2 25 POPULAR FOLK SONGS WITH LYRICS AND CHORD TABS FOR SINGALONG UKULELE SONG BOOK SINGALONG

- Like many people I always thought, maybe hoped, that the whole global warming thing was exaggerated. After all, when I was a kid we got told that we were heading for another Ice Age only to be warned some years later of a global warming problem?!?! While at school a big fuss was also made about the depleting Ozone layer; something that somehow managed to drop out of the public debate since then. Not thinking about it too much, I suppose I felt that either the scientists initially exaggerated the problem or they easily found a way to fix it - something they could do again in future, should the need arise... Flannery puts all this (and much more) in context. He provides the complete picture as well as remedies needed and solutions available. All of this is done in a sober, reasonable and non-judgmental way. It is a gripping read that is as accessible as it is valuable. A must read for a generation that literally holds the key to the climatic future of Earth.

- I have a software company and we had a lot of problems searching about legal stuff and that sort of thing. Some of my employees came to me one day and showed me this book. I thanked him and started reading it. It's great and it has a lot of information that anyone can use. I saved a lot of time and also a lot of money with this book. Really good one!
