### **REVIEW OF THE ART OF WRECK IT RALPH THE ART OF DISNEY**

- I purchased this book to use as resource material for a book I am writing myself, part of which took place during Queen Elizabeth I's reign. The written material has been very helpful and the photos of paintings, etc have given me a clearer picture of the people and places of that era than simple words would not have been able to do.
- I would recommend this book to third graders, and dog lovers of any age. This is a nonfiction book about heroic dogs who save their masters' lives. I like this book not just because it is a good book, but because it has dogs.
