The one-of-a-kind narration design, relatable personalities, and story spins make it a rewarding addition to your shelf. So, if you're seeking a fascinating read, Lesson Plan Introducing Yourself is definitely worth taking into consideration.

REVIEW OF LESSON PLAN INTRODUCING YOURSELF

- While there are many levels to this book (see the reviews below), what particularly appealed to me was its author's call to courage. In short, "Fear of Flying" is inspiring (to me) in that its main character is a very recognizable person who attempts to deal with very recognizable fears and anxieties. I have read it with great enjoyment on more than one occasion, each time being left with new insights and perspectives. Thankyou, Erica Jong.

- My adult children asked for this book for Christmas and are very happy with it. It has a beautiful design and is a keepsake item as well as good reading. The only thing some may not like in this compilation of C.S. Lewis's works is the cumbersome size of it. One has to decide if the convenience of having all the text in one

attractive binding outweighs having multiple copies of books containing the same material, and that is completely an issue of preference. The book was delivered in a timely manner and was packaged well for safe delivery of the contents.
