## **REVIEW OF LINEAR ALGEBRA AND ITS APPLICATIONS 4TH EDITION SOLUTIONS MANUAL**

- This story is better than the last, but not as good as the initial Scarpetta stories. The good doctor is evidencing increasing paranoia, Lucy is overboard with her anger and Marino needs to shape up and get a woman.
- Well, another Scarpetta has come and gone, and I am left wondering, "where can she go from here?" Hopefully, not off into the sunset with Marino. I hate that Wesley is no longer there, and I, like many others, am also tired of the Lucy deal. She is so boxed in now that nothing she does is very original or interesting. But, don't stop with the Scarpetta novels. No matter what, they are still great. This one was...OK. Not the best, but still better than most out there. I would suggest that Ms. Cornwell drop the Lady Cop novels...just not good...or interesting.....characters or plot lines. On second thought, are all these stories starting to blend, until one looks too

much like the other? Read it anyway, especially if you are a Scarpetta junkie, like so many of us.
