CompTIA Network+ N10-005 Authorized Cert Guide is a best-of-breed exam study guide. Best-selling author and expert instructor Kevin Wallace shares preparation hints and test-taking tips, helping you identify areas of weakness and improve both your conceptual knowledge and hands-on skills. Material is presented in a concise manner, focusing on increasing your understanding and retention of exam topics. The book presents you with an organized test preparation routine through the use of proven series elements and techniques. Exam topic lists make referencing easy. Chapter-ending Exam Preparation Tasks help you drill on key concepts you must know thoroughly. Review questions help you assess your knowledge, and a final preparation chapter guides you through tools and resources to help you craft your final study plan. The book also contains more than three hours of personal video mentoring from the author. Well-regarded for its level of detail, assessment features, and challenging review questions and exercises, this authorized study guide helps you master the concepts and techniques that will enable you to succeed on the exam the first time. The authorized study guide helps you

master all the topics on the Network+ exam, including: Computer networks and the OSI model Network components Ethernet IP addressing Routing traffic Wide Area Networks (WANs) Wireless LANs Network performance Command-line utilities Network management Network security Troubleshooting Kevin Wallace, CCIE No. 7945, is one of the most prolific and best-selling authors in the networking industry. He is a certified Cisco instructor, and he holds multiple certifications including CCNP, CCNP Voice, CCNP Security, and CCDP, in addition to multiple security and voice specializations. With networking experience dating back to 1989 (and computer

experience dating back to 1982), Kevin is a Senior Technical Instructor for SkillSoft. Kevin has been a network design specialist for the Walt Disney World Resort and a network manager for Eastern Kentucky University.

REVIEW OF N10 005 STUDY GUIDE

- An absolutely fabulous book, very thought provoking. I was sceptical at first thinking that the whole thing was mumbo-jumbo until I tried the methods outlined in this book and I was absolutely amazed with the results. In my opinion the only way one can benefit from this book is.....FAITH !!!!!
- The rich Indiana

Jones universe certainly does lend itself well to a potentially infinite number of pulp novels, especially when written by a capable writer who is after more than just a quick buck. Rob MacGregor seems to a genuine Indiana Jones fan but fails to give this book any defining moment or iconic scenes. The story has Indy working as a Professor at an English University (his first teaching assignment) where an admiring young student takes a shine to him and likes showing-off how much more about British history she knows than he. But things turn sinister when an ex-boyfriend apparently sends him poisonous spiders and warns him away from her. Deciding to get away from this hassle Indy helps her mother on a dig in a Scottish cave that may well have once been the domain of Merlin himself. An intriguing set-up but nothing special really ever becomes of it and there's not much atmosphere to make up for the lack of action or suspense and the ending is a huge non-event. And what the hell is with the crass reference to Lord of the Rings? Puh-lease! Nonetheless, it's still a fun book and worth a read.
