conversations, and discover brand-new literary treasures. And if you ever before need aid locating the perfect book, our educated staff is below to provide tailored recommendations.

REVIEW OF ESIO TROT ROALD DAHL HUHNET

- Very well-written, very insightful and depressing. I had a great time reading it and I'm glad it's over, because (A) the events in the last section are just squalid and (B) the narrator realizes her character flaws (laziness, low self-esteem) but doesn't have the gumption to do anything about them. She allows herself to be appallingly exploited and doesn't even learn any lessons from the experience. The setting of the book didn't seem important to me compared to the description of the narrator's

character.

- I don't want to take anything away from every fireman and policeman that worked on Sept 11. Both the living and those that are gone, but, this book touched me much more than I thought that it would. What is fascinating to me is that among the souls on this flight, there was not one person who was going to sit meekly by and just let something happen. After reading about all of these amazing people, I just hope and pray that I would have half the courage that these real people had. I read this book in one sitting and I am suggesting that all of my friends and family read it as well. You cannot call these people average, there was not an average person on that plane, but they were put in an extraordinary situation and reacted with what one can only call extraordinary faith and hope.
