## **REVIEW OF 2017 WORLD CONGRESS OF GASTROENTEROLOGY AT**

### **ACG S 2017**

- This is a great book to have handy when thinking about and doing surveys. Unfortunately, it reads a little dated (already), especially when dealing with electronic media. May be worth waiting for the next edition to get a more contemporary approach to web-based surveys.

- I didn't buy this exact book, but I had one similar to it. Would not read again. Very violent, contains incest, bestiality, murder, horrible things that shouldn't be so available to everyone immediately. Promised salvation, so I thought a tv would be okay, but didn't deliver. As far as I can tell, this is just firelighter paper. Don't recommend.
