- I was amazed at the brilliance of this book! Incredibly powerful, I cried at the end. What I found the most remarkable was how well thought out the whole system was: newspeak, doublethink, etc. Read this!

- I thought the book 1984 was great. It really made me think

about weather or not I was pro Big Brother or con Big Brother. At the end of the book I decided to disagree with Big Brother. It is too powerful and controlling. There are some forms of Big Brother that we think nothing of and don't even care that they're around even though there it's watching your every move. 1984 was an awesome book that kept getting better and more interesting with every page.
