REVIEW OF HANDBOOK OF CHILD PSYCHOLOGY 5TH EDITION

- This is probably the best book i have ever read.it starts of good and gets better.it keeps geting better and the end is the best bit.if i had not read this book i would read it again.there are so many good bits.

- It was all exceptionally well written. But in all honesty a man who had fallen so much in love with Pelagia and who had gone through so much with her and with her family and friends etc, would not have returned just for a glimpse of her only to disappear for 30 years...that was unrealistic. If it had been me I would have run over to her and embraced her!!
