REVIEW OF FREIGHTLINER COLUMBIA FUSE PANEL DIAGRAM

- I would have never picked up this book had it not been assigned in one of my college classes. I was not too excited about having to take this

'American Culture' class, and on top of it being assigned to read this lame book, Little Women. Oh, but how wrong and narrow-minded I was, as this turned out to be my all-time favorite book! We were only assigned to read the first part, but I loved it so much I let my other classes slide to read part two. If you're not too sure about this book, throw your doubt out the window and read it!

- I bought one marked as 'like new' but disappointed when got it. At a glance, everyone knows it is kind of old because of scratches.
