### **LAST IDEAS**

Overall, our team believe that Kenguru Naloge 1 In 2 Razred is worth a read, regardless of some small defects. The one-of-a-kind narration design, relatable personalities, and story twists make it a beneficial enhancement to your bookshelf. So, if you're searching for a fascinating read, Kenguru Naloge 1 In 2 Razred is certainly worth thinking about.

### **REVIEW OF KENGURU NALOGE 1 IN 2 RAZRED**

- For those who followed the movie version of the Lord of the Rings this book is a must have. This is where it all began! There are great pictures and maps included in this book. It is a must read for all fans and I would not waste my money buying a paperback when this copy is available.

- "The Hobbit" is many things. It is an inspirational coming-of-age tale, starring a reluctant hero who is made of tougher stuff than he realizes. It is a classic--perhaps timeless--children's tale that adults enjoy more so than the younger audience, especially in modern times. It is an epic fantasy tale that has influenced the genre--along with The Lord of the Rings--more than any other book. However, it is not--in my opinion--perfect. The biggest complaint you'll find about "The Hobbit" is that the prose is 'too descriptive.' You'll see many Tolkien-enthusiasts bashing those who think that, insinuating that those reviewers who dislike Tolkien's style are

simply too stupid to properly understand it. I, however, disagree. It all comes down to a matter of taste and, for me (at times), Tolkien's highly descriptive prose bogs the story down a bit too much. However, not a sentence in this story can be deemed "bad," because the writing--whether you consider it too descriptive or 'just right'--is beautiful. His talent for describing both landscape and

character is immense, and will leave any high-fantasy fan more than satisfied."The Hobbit" is undoubtedly a beautiful book. As I said, I wouldn't call it perfect, but the story of Bilbo Baggins and his epic adventure is at the very least a "must-have." I recommend you buy it in hardcover, preferably the Alan Lee Illustrated Edition, so it will last through the ages.8/10
