REVIEW OF BUSINESS START UP 2 WORKBOOK

- This book is especially helpful to those who are trying to follow (or find) Christ and work through their anger. As for the reviewers who say there is no warning about it being Christian, Amazon says this: "From doctors nationally known in the field of Christian counseling" right in their editorial review. This book helped me through some very harsh anger problems and is a great tool to have. Highly Recommended!

- I was looking for a comprehensive, layman terms guide that I can refer to in anticipation of the birth of my twins. This books wasn't it. Its seems as if the author forgot her audience, parents that do not have time to completely comprehend each and every detailed paragraph of a page. Extremely busy/expectant/multitasking parents are the norm - they are looking for bite sized data that they can learn from - quickly. Hoping this author takes to heart this feedback and revisits what could be a valuable resource.
