## REVIEW OF SEARS AND ZEMANSKY UNIVERSITY PHYSICS SOLUTION MANUAL PDF

- I would tell people about this story b/c its a good boo it shows what the world could be if we had sameness. But I think most people I told them about it they wouldnt really like it b/c of the release part b/c everyone would just want to die of old age. But some I think some really wouldnt understand b/c they don't have kids. But if they did I think they would dislike the book. So I would tell them about the book. But to certain people NOT all people i know b/c they wouldnt enjoy it but yet agan some people would enjoy it but at the same time dislike it at times!.

- This book is interesting! Plus it makes you think. Louis lowry is very clever because it the book makes you wonder 'what happened?' Because you might think one thing like jonas actaly made it to else where right? wrong! I thing he actually dies. If you read between the lines you can see what actally happened. Its really sad though. Jonas is my faveorite character in the book because he seems different from everyone else. he has pale eyes, and can 'see beyond'. He seems like me cuz i think im different from everyone else too. i had to read this book for my 6th grade class. I ended it 2 weeks ago. I give this book 4 stars because the book makes you want to think and because there is only more than one answer. The down side is that the ending is sad and the ending doesnt tell you what happend next. Its like anyone could make a seqel out of the ending. This would go in my faveorite catigories. I hope it does w/ you too!
