## REVIEW OF SCHOOL PSYCHOLOGIST AS COUNSELOR A PRACTITIONERS HANDBOOK

- The series about the March girls have been my favorite books ever since I first read them. they are a sweet series.
- The heroine of "An Invisible Woman" is Anne Whitman, a reserved older woman who travels to Italy on her first holiday alone. While there she meets Marco, an intense and sometimes depressed younger Italian. They begin a love affair that surprises them both with its passion and heat. Each of the two main characters lives the events in their story from his or her own perspective. Did I say that right? Just when you think you know about where they stand with one another, the other one relives the same scene and you get a completely different picture. The reason I gave the book (which held my attention throughout) four stars is that at a certain point I couldn't understand Anne's willingness to "put up" with this difficult man. Then I thought about the times I, a much younger woman, have done the same kind of thing. And that goes for most of my friends, too. This is not a formula romance. It's as unique as the two characters. I loved the Italian scenes especially because it's a place I have always wanted to visit. Maybe Anne isn't a 21st century woman, and Marco sure isn't a modern man. ( He probably would have been happier in the 19th'century). But these two are true to themselves and that makes the book honest as well.
