### **REVIEW OF ACTIVE KOREAN 1 WORKBOOK**

- What happens when a bunch of civilized schoolboys are castaway on a tropical island with no parental authority or supervision? Without the influence of civilization, what is left but barbarism? Obviously the law of morality is quickly replaced by the law of the jungle. This has to be one of the great novels of the 20th century. And I love the themes explored here. The story premise is great too, and well-executed. What is so original and moving about Golding's work is his profound understanding of the human capacity for evil and guilt.

- If you are looking for a heartwarming sappy love story, then...this is not your type of book. Lord of the Flies by William Golding is a book filled with deceit, insanity, and teenage boys trying to survive a deserted island. These civilized boarding school boys are sole survivors of a plane crash. The book takes place during a raging war which is like the atmosphere that accumulates on the island. These once proper boys turn into crazed maniacs after being away from society, adults, and rules. This book may be defined as good literature. If I were to list some of the interesting parts of the book, then I would ruin a rainy day reading! I know that there are questions running through your mind right now, like: "Did all the boys survive?" "Did they get rescued?" and "How did they react to each other on the island?" Well, there is only one way to find out which is to go read the book yourself!
