MRCOG Short Essay Questions is the essential aid for all trainees studying for the membership examination of the Royal College of Obstetricians and Gynaecologists. This book contains 150 short essay questions, clearly structured to facilitate both learning and practice. Questions are divided primarily into obstetrics and gynaecology and secondly by main topics such as infertility, operative gynaecology and antenatal care. The answers are written in the form of bullet points; a format that not only clearly identifies the key points but also emulates the structure of the model answers given to the examiners by the RCOG. Khaldoun Sharif is a consultant in obstetrics and gynaecology at the Birmingham Women's Hospital, and has a proven track record as an author of MRCOG revision books. His co-author, Parveen Abedin recently passed the examination and has therefore provided invaluable insights that have ensured the content is both appropriate and up-to-date.

Facsimiles of Two Papers by Bayes Wipf and Stock Publishers

A fun, user-friendly guide that takes the confusion out of writing

essays and papers for students of all ages. Unlike other books that are so full of technical jargon that they confuse more than help, *Homework Helpers: Essays and Term Papers* uses straightforward language and simple steps to guide students through the essay-writing process. *Homework Helpers: Essays and Term Papers*:

- Describes in detailed “plain English” each element and step involved in writing a dozen different types of essays.
- Includes a rough, edited, and final draft sample of each type of essay discussed.
- Explains the necessity of proofreading and citing sources, providing tips and instruction on how to accomplish these tasks.
- Presents step-by-step instructions on how to write a great SAT essay.
- Discusses what students can expect when they reach college-level courses. Students of all ages can find help in writing essays for every major subject in high school or college. Neophytes will find guidance on the basics, while those further along in their educational career can adapt the detailed instructions for more in-depth assignments.

The skills required to write an essay are the same skills required to write a speech, to prepare a persuasive argument, to prove a point, or to explain an idea. If we can help our students acquire these skills as we teach “the essay,” we will have assisted them in accomplishing truly valuable life skills. *Essay Writing* contains easy-to-incorporate lessons along with tips for teaching specific concepts that range from pre-writing exercises to revising and editing to celebrating the final product. This down-to-earth look at the foundations of good essay writing is full of useful ideas and strategies that help students: build skills in writing on a wide

range of topics; distinguish between formal and informal writing; use effective pre-writing techniques such as brainstorming, making an outline, gathering information, and evaluating the relevance of information; gain confidence as they begin to recognize what works and what doesn't. The book incorporates a wide range of innovative approaches to teaching essay writing — from how to “picture” and “act out” an essay to a winning format for a topic sentence and using scattergrams to turn brainstorming into constructive outlines. Throughout the book, assessment tools and marking keys support simple marking techniques that consider not just the final essay, but effort and time on task.

The book on essays is for you if you prefer to learn by example rather than explanation or direction. The learning method is unique because it focuses on showing you, rather than telling you, how to write an essay. Fifteen different types of essays are defined and exemplified using five-paragraph mini-essays. The examples are for Analytical, Argumentative, Cause, Comparison and Contrast, Critical Analysis, Definition (Specific), Definition (Subjective), Descriptive, Effect, Expository, Illustration/exemplification, Narration, Persuasive, Process (Information), and Process (Direction) type essays. Each mini-essay has an introduction, body, and conclusion. Simply follow and expand upon the examples provided, and you will be able to write quality essays. The book on words for college papers and presentations lists words that can be used to create papers and

presentations that are more academic or professional. Complex words are listed along with their meaning for easy understanding.

How to Write a Winning College Application Essay Routledge

Gilbert Ryle was one of the most important and controversial philosophers of the Twentieth century. Long unavailable, *Critical Essays: Collected Papers Volume 1* includes many of Ryle's most important and thought-provoking papers. This volume contains 20 critical essays on the history of philosophy, with writing on Plato, Locke and Hume as well as important chapters on Russell and Wittgenstein. It also includes three essays on phenomenology, including Ryle's famous review of Martin Heidegger's *Being and Time* first published in 1928. Although Ryle believed phenomenology 'will end in self-ruinous subjectivism or in a windy mysticism' his review also acknowledged that Heidegger was a thinker of great originality and importance. While surveying the developments in the philosophy of language and philosophical logic, Ryle sets out his own conception of the philosophers' role against that of his predecessors and contemporaries. Together with the second volume of Ryle's collected papers *Collected Papers Volume 2* and the new edition of *The Concept of Mind*, all published by Routledge, these outstanding essays represent the very best of Ryle's work. Each volume contains a substantial introduction by Julia Tanney, and both are essential reading for any student of twentieth-century philosophies of mind and language. Gilbert Ryle (1900 -1976) was Waynflete Professor of Metaphysics and Fellow of Magdalen College Oxford, an editor of *Mind*, and a

president of the Aristotelian Society. Julia Tanney is Senior Lecturer at the University of Kent, and has held visiting positions at the University of Picardie and Paris-Sorbonne.

Moshe Davis was a preeminent scholar of contemporary Jewish history and the founding head of the Institute of Contemporary Jewry at the Hebrew University of Jerusalem. A recognized leader in the field of bicultural American/Jewish studies, he was a mentor to educators and academics in both Israel and North America and an active colleague of American Christian scholars involved in

interfaith study and dialogue. These wide-ranging essays, many of them presented at a colloquium that Professor Davis had planned but did not live to attend, honor him by exploring the theme of Zion as an integral part of American spiritual history and as a site of interfaith discourse. Not only do these essays stress the role of individuals in history, but they also incorporate views outside those of mainstream religions. American attitudes toward the land of the Bible reflect both Jewish values that arose from their abiding attachment to Zion and the uniquely American Christian vision of a utopian pre-industrial, pre-urban, pre-secularized world. Whereas American Christians expected to be lifted out of their ordinary lives when they visited the Holy Land, Jews saw in their affinity for Zion a strong link to their American environment. Jews viewed America's biblical heritage as a source of practical values such as fair play and equality, social vision and political covenant. In inviting such comparisons, these essays illuminate the relationship of Judaism to America and the richness of American religious experience overall.

A monumental, canon-defining anthology of three centuries of American essays, from Cotton Mather and Benjamin Franklin to David Foster Wallace and Zadie Smith--selected by acclaimed essayist Phillip Lopate. Not only an education but a joy. This is a book for the ages. --Rivka Galchen, author of Atmospheric Disturbances The essay form is an especially democratic one, and many of the essays Phillip Lopate has gathered here address themselves--sometimes critically--to American values. We see the Puritans, the Founding Fathers and Mothers, and the stars of the American Renaissance struggle to establish a national culture. A grand tradition of nature writing runs from Audubon, Thoreau, and John Muir to Rachel Carson and Annie Dillard. Marginalized groups use the essay to assert or to complicate notions of identity. Lopate has cast his net wide, embracing critical, personal, political, philosophical, literary, polemical, autobiographical, and humorous essays. Americans by birth as well as immigrants appear here, famous essayists alongside writers more celebrated for fiction or poetry. The result is a dazzling overview of the riches of the American essay.

The Structured Essay Read Books Ltd

This new volume is the first to focus entirely on automated essay scoring and evaluation. It is intended to provide a comprehensive overview of the evolution and state-of-the-art of automated essay scoring and evaluation technology across several disciplines, including education, testing and measurement, cognitive science, computer science, and computational linguistics. The development of this technology has led to many questions and concerns. Automated Essay Scoring attempts to address some of these questions including: *How can automated scoring and evaluation supplement classroom instruction? *How does the technology actually work? *Can it improve students' writing? *How reliable is the technology? *How can these computing methods be used to develop evaluation tools? *What are the state-of-the-art essay evaluation technologies and automated scoring systems? Divided into four parts, the first part reviews the teaching of writing and how computers can contribute to it. Part II analyzes actual automated essay scorers including e-rater™, Intellimetric, and the Intelligent Essay Assessor. The third part analyzes related psychometric issues, and the final part reviews innovations in the field. This book is ideal for researchers and advanced students interested in automated essay scoring from the fields of testing and measurement, education, cognitive science, language, and computational linguistics.

The Handbook for writers of essays and theses is designed to meet the needs of teachers and students from matriculation level to postgraduate university studies. Both the Author-Date ('Harvard') method and the Author-Title (Modern language Association) method for documenting sources are described in detail.

The Federalist Papers Disha Publications

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United

States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Parliamentary Papers Disha Publications

J. R. and Philip Milton present the first critical edition of John Locke's Essay concerning Toleration and a number of other writings on law and politics composed between 1667 and 1683. Although Locke never published any of these works himself they are of very great interest for students of his intellectual development because they are markedly different from the early works he wrote while at Oxford and show him working out ideas that were to appear in his mature political writings, the Two Treatises of Government and the Epistola de Tolerantia. The Essay concerning Toleration was written in 1667, shortly after Locke had taken up residence in the household of his patron Lord Ashley, subsequently Earl of Shaftesbury. It has been in print

since the nineteenth century, but this volume contains the first critical edition based on all the extant manuscripts; it also contains a detailed account of Locke's arguments and of the contemporary debates on comprehension and toleration. Also included are a number of shorter writings on church and state, including a short set of queries on Scottish church government (1668), Locke's notes on Samuel Parker (1669), and 'Excommunication' (1674). The other two main works contained in this volume are rather different in character. One is a short tract on jury selection which was written at the time of Shaftesbury's imprisonment in 1681. The other is 'A Letter from a Person of Quality', a political pamphlet written by or for Shaftesbury in 1675 as part of his campaign against the Earl of Danby. This was published anonymously and is of disputed authorship; it was first attributed to Locke in 1720 and since then has occupied an uncertain position in the Locke canon. This volume contains the first critical edition based on contemporary printed editions and manuscripts and it includes a detailed account of the Letter's composition, authorship, and subsequent history. This volume will be an invaluable resource for all historians of early modern philosophy, of legal, political, and religious thought, and of 17th century Britain.

REVIEW OF ESSAY PAPERS

- Another great Reacher book from Lee Child. I was just told about the Reacher series earlier this year and have been hooked ever since. Love the underlying theme that cops and the FEDS are either corrupt, inept or hamstrung by politically motivated bosses and that the military runs circles around them. If we had

real citizens like Jack Reacher our country would be a better place!

- I got this book as a birthday gift. I am not a vegan, but I like to try different kinds of food so I thought it would be a good book. Overall, I like it a lot. I think that most of the recipes are really tasty, and easy to prepare. I love the miso soup with baby spinach, it is by far my favorite recipe in the book. I am not as impressed with the desserts, however. The smoothies and drinks were really good, but a lot of the cakes and stuff were not. I especially thought the vegan chocolate-chip cookies were awful. I will stick to my traditional recipe with butter and eggs, thank you. Interestingly, I find that a lot of the side dishes go well with meat. I know this is not what the author intended, but I find that the lemon risotto goes well with salmon. I also think that the indian-spiced quinoa goes well with (horrors!) lamb. I also like to add shrimp to the thai coconut soup, I find that it complements the tofu and mushrooms in the dish very well. My only real complaint about this book is that it's very preachy about animal rights and how bad animal products are for you. I think that these sections are unnecessary as they are unlikely to convince carnivores and are basically preaching to the choir for the peta crowd. I think the sections on nutrition are very useful for those who are adopting the vegan lifestyle, and for those of us who just want to eat a more healthful diet. A couple of other great books by this author are Fresh From the Vegetarian Slow-Cooker (another of my favs) and the Vegetarian Chili Cookbook. The recipes are wonderful, and those books don't contain the lectures on animal rights.
