## REVIEW OF LADY MIDNIGHT THE DARK ARTIFICES BOOK 1

- I love this genre and I found this a very easy, yet delightful read. The novel is well written and crafted in the style of such books as the Pern series etc. I feel, however, it holds its own. It is also admirable that it is written in such a way that a wide audience could read it. I am almost 30 (and female) but thoroughly enjoyed. I also think my younger adults could read this book. There is violence but no over or excessive language or sexuality. In my opinion, depending on your specific child, I could have started this book around a 4th grade level. I am looking forward to the series continuing!

- I had heard so many good things about this book in a reading group I'm in. Everyone seemed to love it, so I started the book expecting another great fantasy. I still haven't finished it, but I just can't bring myself to. I am bored out of my mind while I read it, and have trouble not falling asleep. I don't really care about any of the characters or what happens to them, because I don't feel like I even know the characters. And this is after 250 pages. I feel like I'm missing something, and I wanted to make myself read the rest of the book to find out what I'm missing, but there are so many really good books out there that I just don't have the time to slog through a book I am not enjoying.
