Keep in mind, checking out reviews can assist you make informed decisions about what to review following and can subject you to brand-new authors and genres you may not have considered

before.

## **REVIEW OF CISCO PACKET TRACER ACTIVITY 8 ANSWERS**

- I became a James Alexander Thom fan after reading Follow the River a long time ago....I purchased this book right after that but only recently read it. He's a historian with a believable twist that takes you back in time and makes you feel his character's experiences.
- In a deep state of depression, I looked up "divorce" on Amazon.com, hoping to find something to help me through the pain of my own divorce. Let me state first that I have read several books, dozens perhaps, by so-called "life coaches" or self-help "gurus." While

there is wisdom in many of them, none of those books connected to me in any deep, visceral, meaningful way. Then I found this book. I took a chance and ordered it. When it arrived, I began reading it immediately. Within minutes I knew I had made the right decision. Debbie Ford was writing about the EXACT feelings I was having, laying bare the hurt, self-doubt, ego, jealousy, anger etc that was ruling my mind. This wonderful book reached places deep inside my mind and spirit that have been malnourished for years. This book is NOT a bunch of new age platitudes and superstitious claptrap. It is written in clear, almost conversational tones and is very easy to understand and absorb. I found myself highlighting sentences on EVERY page. It truly is a wonder. Debbie

Ford has been through divorce herself, and as a life coach, such a "failure" could have been disastrous for her. But she realized, as we all must, that divorce is NOT a failure at all. It is an opportunity to learn and grow, to find out what it was we gained from our relationship and how to use that information to better ourselves. It is about acceptance, forgiveness and gratitude, not vindictiveness, fear or jealousy. Relationships don't end. They cannot. They can only change. Those we are tied to in a relationship are tied to us forever, even if only in the seemingly smallest way. A part of us is with them forever, and a part of them is with us. We can spend the rest of our lives bemoaning our fate, wondering why this happened, how could they have done

this to us, why does life have to be like this etc, or we can really look at if those are the questions that need answering. Jettison negativity, throw away hurtful thoughts and feelings, rebound from your divorce in a way you never thought possible. I don't know exactly why I chose this book over the dozens of other books available on divorce. I can only come to the conclusion that I was meant to. I had never heard of Debbie Ford before I got this book, and the thought of taking relationship advice from a woman, especially when one had (I thought) just broken my heart, seemed like a stupid idea. I was wrong. This was perhaps the most important book purchase I have made in the last 20 years, if not in my entire life. Will everyone gain what I have

from this book? Who can say? I doubt it. Different strokes for different folks. I find it hard to believe that anyone could have a less-than-amazing experience with this book, but I suppose it is possible. If you are experiencing relationship trouble, a

divorce, a messy breakup--or even if you aren't and are just looking for insight into the workings of relationships themselves--do yourself a favor and get this book. I can't recommend it highly enough.
