## **REVIEW OF LIFE SCIENCE GRADE 11 ESSAY PAPER 1**

- Higgins doesn't break a sweat with this one. If you have read Higgins' other books with Sean Dillon as the protagonist there's is no need to read this one. Same story elements, same set piece action scenes and so on. Maybe I have read one too many of his books but they are all very much blending together now. Even the name of the book is unoriginal, note his earlier "Touch the Devil." Harmless enough few hours of reading but not much is new.

- Like many of the reviewers here, I was sorely disappointed by this final visit to Mitford, first and foremost because it didn't feel like a visit to Mitford at all! We hardly see any of our beloved characters, although they are mentioned in passing quite frequently. It seems to me that Karon got a little overexcited about her new Father Tim series and wrote the first book for that, instead of truly concluding the Mitford series. For those of us who have come to feel like

residents of Mitford ourselves, there was very little closure provided for several of the major storylines that have been carried throughout the series, most notably those dealing with Dooley and his siblings. What you do get is something that feels like a marketing ploy to get us hooked on new characters

and storylines with the hopes that we will hear more about them in the Father Tim novels. There are so many of us who have been devoted readers; this wasn't necessary and is, in fact, somewhat of a deterrant. A very disappointing book, overall.
