REVIEW OF HOLT MCDUGAL LITERATURE GRADE 10 TEACHER EDITION

- Phillips is an extraordinary writer. He is also non partisan. His analysis is spot on and very compelling. I would recommend him to anyone.

- There's something about seeing hot springs and mud pots in winter that I really enjoy--lots of steam and snow!This book has 44 tours in Lassen Volcanic National Park in Northern California. This area is beautiful but less-visited than the Sierra. Each tour is rated with difficulty, length, elevation, navigation, time, and season. All tours have B&W copies USGS topos (1 inch per mile scale) with the trail outlined. Each tour has a description of what you see, where to start, and leads you through the tour. The book also has a list of local lodging and official information sources. Lots of interesting and entertaining ski pictures are sprinkled in the book. The only thing I think is missing would be an index, but that wouldn't stop me from buying the book.Also recommended: Ski Tours in the Sierra Nevada, 50 Classic Backcountry Ski and Snowboard Summits in California, Ski Tours in Southern California
