REVIEW OF DATA COMPUTER COMMUNICATIO NS 9TH EDITION SOLUTION

- Sunita Mukhi's book provides an extremely insightful glimpse into the lives of Indians living in New York City. Amongst a backdrop of a cosmopolitan melting pot like New York, Dr. Mukhi accurately portrays the identity challenges many Indians face: they are caught in between cultures. If you are an Indian like myself, you

will find many parallels within your own life. It is a poignant book & I highly recommend it!

- As a new youth soccer coach, I was looking for a book that would give me quick and easy guidance on understanding soccer and also give me some excellent tips on coaching. This book was perfect! It provided a tremendous amount of information without getting too detailed in any specific area. The book begins with the basics and then takes you through the rules, formations, and strategies. It then provides wonderful information for coaches and parents by discussing training, drills, and ways to run a successful practice. As an athlete, I have read many books on the teaching of sports

and this is one of the best. The author injects humor and quick fun facts throughout to keep it very interesting. If you are a new soccer coach, a parent of a child playing soccer, or just want to learn about

soccer, this book is excellent. As for the review from the reader from Canada, he is not accurate. Remember, except for hockey, Canada has a dreadful reputation in sports - soccer included.
