REVIEW OF SYSTEMS PERFORMANCE ENTERPRISE AND THE CLOUD

- James Patterson lost his touch in this book. The romance seemed too forced and the plot didn't flow as smoothly as you would expect it would from a Patterson novel. The fact the the reverend is shacking up with a married women is never discussed. Jennifer becomes romantically involved with a man she knew when she was too young to remember him and the apprehensions about becoming involved so recently after her first husband's death are only lightly discussed. The story seems too forced and Patterson should stick to mystery thrillers.

- This product was in great condition. I absolutely loved the book as well. I highley recomend this book. There were no problem with the condition of it. Everything was perfect. 5 Stars!
