REVIEW OF CERTIFICATE IN CONSTRUCTION PROJECT MANAGEMENT RICS

- I am a huge fan of Ms Wood's books, but was a bit disappointed by The Blessing Stone. My criticism is mostly about the two prehistoric stories. 1) Why is she explaining constantly about the things the people in the first book did not have any knowledge of? It seems a little patronizing towards the reader. 2) Is it really true that up to the time when the second books ends (10.000-8.000 BC?) people did not have any idea where babies came from? The

rest of the stories was better, but still not up to her usual standards. Maybe Ms. Wood was limited by the short stories? I liked Sacred Ground, The Dreaming, The Prophetess, Perfect Harmony, Green City in the Sun and Virgins of Paradise much, much better and am looking forward to her next full length

novel!

- This is an excellent work that cuts through the typical babble that fills many pages of others books on the subject of trust. The content is exceeding meaty. The organization of the material is first-rate. One of the very best books on the subject. Highly recommended!
