## **REVIEW OF PROBABILITY FOR RISK MANAGEMENT SOLUTIONS MANUAL 2ND EDITION PDF**

- I felt the book was fascinating ive always had an interest towards different societies in the US but Grisham

disappointed me ive read some of his other works and this one surprised me to be one of his slower ones. The book was not a page turner. He could have ended it several times but drabbed on for too long. By the last third of the book i was nearly ready to put it down. But i kept through classic Grisham ending which was worth the wait to an extent.

- Thought it would be another great courtroom thriller like Runaway Jury or The Partner. Instead, it's a long winded, wandering human interest story.
