REVIEW OF BOTSWANA BGCSE PAST EXAM PAPERS

- The graphic design of the book jacket is rotten! The first four books, as they originally came out, followed a consistent and attractive design pattern, thus they look like a series on your

shelf and are artistically pleasing. The new binding looks completely different -- simplistic, boring -- and the text in no way lines up with that of the previous books. I don't believe they're going to get people to re-buy the earlier books in the new design. And the new design is not a correction to the original design. The decision makers at Crown Publishers have once again shown a lacking in sense of aesthetics and a lack of concern for their customers.

- I kept waiting to get to the interesting parts, but they never came! This book is 95% character development, and after such a long wait, very disappointing.
