Join our community today and begin your journey into the world of literature with very easy downloads of all your favored publications like **Geometry Performance Task Grade 1!**

REVIEW OF GEOMETRY PERFORMANCE TASK GRADE 1

• Others have covered the story so I don't need to rehash that. Look at the description of the Kindle Edition and you will see that it claims to be the "full text". No it is not. There are several points where the story seems to skip some of the scenes... (warning a small spoiler:) for example, when the wolf gets attacked by a wolf pack and then recovers, and then threatens a man who took the skin of one of the wolf pack that the wolf killed, they were supposed to go out and locate the battle scene... this did not make it into the kindle edition. Additionally, for some reason there are markers claiming to "highlight" but that cannot be removed -- that becomes distracting -- it is as though who ever converted this over to kindle had previously read and marked for notes some interesting ideas that the author presents.. The only reason I bought this was so that I can complete a second re-read of the entire story, thankful that with a few exceptions the graphic sexual sequences were not included, making for a much more approachable story. A final note -- I found I read the kindle books faster with less eye strain because I can control the character sizing... beware that you too might find the story over faster than if it were a standard printed version -- since it does not have paper or binding issues, I would hope that Kindle prices would not have an equal to price, but it seems that it does have pricing reminiscent to trade paper back, if you don't want to buy and are willing to use the printed version -- borrow from a public library so you can return it afterwards...

• I LOVED this series, until I got to this book. To tell you how bored I was with this book, it took me almost a year to read it, and I normally can read a book that size in about 3 days. Needless to say, I found the storyline extremely dry, and the conflicts she had to deal with never amounted to anything. Granted, some of this may come to a head in the next and last book, but for this book, there just wasn't anything to keep my interest. Towards the end of the book I became slightly more intrigued as to what would be happening to the characters, but in a book of this length it shouldn't take that long to get interesting. All in all, I am highly disappointed in this book. I have hopes that the next book will be more stimulating.
