REVIEW OF SIFTING THROUGH MARIGOLDS ANSWERS

- Even though George Orwell was a socialist he chronicled totalitarian socialism in this book and he like most socialists did not realize that is exactly where all socialism ends up and is where we are all headed. He coined things like big brother is watching you, newspeak, thoughtcrime and doublethink...and thoroughly goes over what a socialist society does to language to limit thought, and the ability to discuss any idea in order to stop treats to its self or even simple changes much less a full revolution. Have you noticed all the cameras the government (Big brother) is putting up all over the last 10 to 15 years?

- I was one of the many people who had to read 1984 as a high school student. However a few weeks ago, I decided to read it again. And I was amazed about how much I enjoyed it when I didn't have to worry about writing an essay on it. George Orwell did a fantastic job creating a world where there is no love, no warmth or anything that resembles humanity. Winston Smith, the main character, feels trapped in Oceania, a dire place where

words are cut from the language to limit the thoughts of citizens, cameras and microphones are everywhere to monitor your actions, and where children will call their parents traitors and turn them in to authorities. Winston manages to find joy in trinkets he buys from a prole's shop and from a woman he falls in love with. And he finds hope in the form of O'Brien, the one man who he thinks understands him. However, in Oceania nothing good lasts for long. The thought that Orwell put into the plot, characters, and the setting is considerable. He explains different facets of

Oceanic history and society (especially through "Goldstein's book",) and even includes an appendix explaining "newspeak," the language of Oceania (which I recommend reading after the first few chapters). The scary thing about the book is that many elements of the Inner Party and Ingsoc are real and are relevant today. Read this book to see one view of how life can be like if we forget ourselves and put our futures completely in the hands of others.
