The Origins and Evolution of American and Canadian Finance Cengage Learning

Corporate governance has been much in the news in recent years and lawyers are devoting increasing amount of attention to it. The passage of major federal legislation in 2002 (the Sarbanes-Oxley Act a.k.a. SOX) and 2010 (the Dodd-Frank Act) were particularly important developments, generating much new law and, as a result, much new legal work.

Curiously, however, the law school casebook market has largely ignored these trends. Corporate governance is regulated by many of the same laws covered in the basic Business Associations course, but increasingly is also regulated by laws--such as SOX and Dodd-Frank--that get short shrift in the typical Business Associations casebook and course. In contrast, those laws are the core focus of the text. In addition to the pertinent laws, the book brings into play sources such as stock exchange listing standards and the rules issued by the Public Company Accounting Oversight Board and similar quasi-governmental bodies. Importantly, however, lawyers practicing in the corporate governance space must be knowledgeable not only about the law

but also best practice. The text therefore makes frequent references to best practice advice drawn from sources such as law firm client memoranda.

## **REVIEW OF CORPORATE FINANCE 6TH CANADIAN EDITION DOWNLOAD**

- This is the best book I've read on the process of writing, and on expressing one's creativity. I wish I had found it years ago! I especially appreciate the quotes she uses from artists and writers (namely Van Gogh and William Blake) to help explain the creative process and how important it is to express it every

day and without fear of criticism. Wonderful.

- I read this book based on a recommendation from Guy Kawasaki (popular business blogger) and found it very inspiring. IMHO, the writing felt a little bumpy because I kept getting distracted by the author's footnote commentary. To be fair though, I have gotten a lot out of it and will admit that it has taken away a lot of my fear of criticism when starting my own blog for fun. Her perspective is nice and I agree with her spiritual outlook. All in all I would rate it as one of the better books I have read in the past couple of months.
